

## CITIZEN SPOTTERS RAKE IT IN

### PUBLISHING & MEDIA

Have you ever wondered where Springwise gets its new business ideas? No, we don't just incessantly travel the world for the greatest and latest, we first and foremost rely on...YOU. Many of our readers have already joined [Springspotters](#), our global spotting network, and we hope you will do the same. All it takes is one minute to register, after which you can start sending us interesting new business ideas you have spotted, which we'll reward with [cool gifts](#). That is, if your submissions meet our guidelines, and no one else has beaten you to it 😊 So please, join our network, start spotting and contributing, and we'll all win: more gifts for you, and more ideas, more articles, more content for all of us!
