...y is continuously making a difference to the evolution of digital media and its use is  
...ved for gaming. With FeelReals patented technology users can fully immerse  
themselves into digital and physical environments all at once. However, it remains to be seen  
whether people will actually want VR with aroma. However, other companies, such as [Vaqso VR](#)  
and [Ubisoft](#) are also experimenting with scented VR. Will scented VR deliver the sweet smell of  
success?
